A WORD FROM THE FLEMINGS

Uni. of Nebr. "Mum" E. H. Hoppert

We have just completed our busiest fall season since World War II and wish to take this opportunity to thank our many friends and customers for their support. Several years ago "mums" occupied less than one fourth of our acreage devoted to the growing of hardy perennials while last fall the situation was reversed with over three-fourths of space being devoted to "mums." As this is being written we are in the process of building a new greenhouse to be used in propagating our "Modern Mums." Once again—Thank you!

As is our custom we made several trips to the gardens of other specialists and hybridists in order to select the better new varieties for inclusion in our offerings this spring. We also grew several new varieties in our trials last year which are being released this year. We would like to call particular attention to the new University of Nebraska varieties. These were tested at 22 points throughout the northern half of the U. S. before being released. In addition to the Nebraska varieties we are again offering the finest new varieties from such leading hybridizers as Bristol Nurseries, Corliss Brothers, De Petris, Gilbert Becker, Dr. Kraus, Lehman Gardens, U. S. D. A., Yoder Bros., and many others.

A new feature in our list this year is the "MUM FINDER" on the inside back cover. Our very complete list is classified as to color and type as an aid in making your selections.

We would like to suggest that the Mum fancier would do well to join the National Chrysanthemum Society. It is a very active organization devoted to spreading the gospel of the Chrysanthemum. A very informative quarterly bulletin is sent to members. Full details may be had from the Secretary, Mr. Carl Toepler, 86 Van Buren Ave., Teaneck, New Jersey.

Yours for a successful garden season
Bob, Dave and Jim Fleming

1951 INTRODUCTIONS

UNIVERSITY OF NEBRASKA (Glen Viehmeyer)

OSCEOLA - Excellent large fully double long stemmed flowers of a brilliant yellow which take on coppery hues during cool weather. Flowers vary in size from 2-3" in diameter on the high plains to 3-4" at lower altitudes. Plants also vary in height from 16-24" at high altitudes to 36" in the east and 48" on the west coast. A truly superb cut flower and border variety which blooms from early August until sharp freezes.

TECUMSAH - A superior cushion type mum with compact 15-18" plants which are wind and rain rim. Plants are covered with 1-2" flowers of erythrite red which fade slightly during hot weather to buffy bronze with pink shadings. Blooming season extends from early August until killing frosts.

WHITE CLOUD - A huge new white mum which we feel sure will replace Avalanche as the leading early white variety. Flowers are double, 2-4" in diameter with broad sharply pointed petals which are pure white on the outside while buds and under developed petals at centers of young flowers show little injury even at 29 degrees. Plants vary in height and width from 28 to 40 inches. Blooming season mid-August until heavy frosts.

UNIVERSITY OF CHICAGO (Dr. Kraus)

AZTEC GOLD - Large frost resistant double flowers of clear lemon yellow.

An excellent border plant blooming September 25th.

GOLDEN COPPER - A new shade. Large flowers of deep cadmium orange aging to light buttercup yellow. Free flowering and frost resistant. Sept. 22nd.

HOLIDAY - Brightest golden bronze with darker centers. Flowers 4" in diameter. Equal to many English varieties. Fine plant habit. Sept. 25th.

LEE POWELL - Large soft ragged flowers of Chinese yellow or orange yellow at the center. This variety was nominated by Mr. Lehman as his "Mum of the Year" for 1951. September 25th.

PINK OPAL - Pale persian rose overlaid with cream and green tints towards the center. Late September flowering.

THE LEHMAN GARDENS

GARNET SPOON - Another of Lehman's attractive spoons. Garnet red spoons with purple tubes set off by pure yellow centers. Early Oct. flowering.

ROUGE CUSHION - Nicely shaped cushion plants covered with brilliant red flowers. In bloom September 20th.

- ALL OF THE ABOVE NEWCOMERS ARE UNIFORMLY PRICED AT 75¢ EACH -

BRISTOL NURSERIES - 1951 Introductions

CANARY WONDER - A wonderful soft yellow sport from White Wonder. Perfect $1\frac{1}{2}$ " ball-shaped flowers in heavy sprays on 2-2 $\frac{1}{2}$ foot stems. The first canary-primrose pompon. Late September flowering. \$1.00 each.

FLAXEN BEAUTY - Huge four inch blooms resembling Cactus Dahlias in form. A lovely blend of peach, yellow and coral shadings flushed with gold in the centers. Robust two foot plants. October 1st. \$1.00 each.

MISTY MAID - Large loosely double flowers of the most delicate shell pink which softens to a misty, cloudy white. An excellent cut flower variety which is greatly admired by women. \$1.00 each.

GILBERT BECKER NURSERIES - 1951 Introductions

ANDREW - Excellent two foot bushy plants covered with 3" fully double soft red flowers which becomes rather quilled and loosely ball shaped on age. A hybrid of English varieties.

LUCKY THIRTEEN - Brilliant Dandelion yellow 2 $\frac{1}{2}$ " ball-shaped pompons profusely produced on sturdy two foot plants. A beautiful new variety blooming in mid September.

TANGO - A seedling of Mme Chiang Kai Shek and F. F. Rockwell which inherits the beauty and frost resistance of both its parents. Bushy two foot plants with beautiful bronze gold ball shaped flowers. Sept. 15th.

CORLISS BROTHERS - 1951 Introductions

GENERAL BRADLEY - Exquisite blooms of a superb blend of lovely apricot sea shell pink and bluff in long stemmed clusters from August on.

GENERAL MAC ARTHUR - Rugged plants with fully double three inch flowers of a glowing coppery red. A lavish producer from August until frost.

GENERAL MARSHALL - A rich harmony of deep old rose, purple and gold with light buff reverse, slightly incurved making the petals edged in gold.

The above three varieties - \$1.00 each.

U.S. DEPT. OF AGRICULTURE - 1951 Introductions

ROYAL CEM - Very double flowers of dark garnet red with distinctively incurved petals. Compact bushy plants. September flowering.

SKI TRAIL - Tall, large, double ivory white flowers with incurved petals. Excellent for cutting. Late September flowering.

MARIONETTE (Yoder Bros.) - A small rust red pompon about $1\frac{1}{2}$ " across. Very formal plants 25" tall. Fine for cutting. Sept. 25th flowering.

YELLOW CHRIS COLUMBUS (Neal Bros.) - A lovely lemon yellow sport of the superlative Chris Columbus. Long stemmed pompons. Mid September.

RECENT INTRODUCTIONS
UNIVERSITY OF NEBRASKA

- CODY - A new extra low cushion variety, growing but 10" tall and up to 40" across. The flowers vary in color from white with lavender edges in July and August to a glistening violet during cool weather. 50¢ each.
- E. H. HOPPERT - This variety is, in our opinion, the finest summer flowering mum existant. The flowers are of an unusual form with long strap like twisted petals which are perfectly whorled in the center. Individual flowers measure 3-5" across. First blooms in July are a lovely light yellow while later flowers in cool weather take on buff and bronze hues. Fine for summer cutting. 50¢ each.
- PEARL PARKINSON (1950) Large 3-4" flowers similar in form to Hoppert. The color is golden yellow with flecks of red during hot August days while during cool weather they are a glowing red with occasional reflections of yellow. Blooming season mid-August until frosts. 60¢ each.
- PONCA (1950) A most unusual variety with large clusters of purplish red flowers resembling pompon Zinnias in form. An excellent cut flower from late August until heavy freezes. 60¢ each.
- SANTEE (1950) An excellent early flowering yellow cut flower. Attractive sprays of double flowers are produced continually from mid-August until killing frosts. Very frost resistant. 60¢ each.
- W. P. SNYDER - Clusters of tightly formed double flowers of a bright coppery apricot are carried on long stiff stems. A very hardy plant with highly frost resistant flowers. Late August until frost. 50¢ each.

THE INTERESTING AND EXOTIC SPOON CHRYSANTHEMUMS

- Single, semi-double and double flowers with petals which are tubular for most of their length, flattening out near the tips so that each resembles a miniature spoon. Unless otherwise noted they are 50¢ each.
- APRICOT SPOON - Tubes of apricot bronze, apricot rose spoons. Very frost resistant. Excellent early October cut flowers.
- CANARY SPOON - Double flowers with spoons and tubes of canary yellow.
- CARDINAL SPOON - Cardinal red spoons, greenish yellow tubes. Late Sept.
- CHARM SPOON - Semi-double, rhodonite red to rose spoons, ivory tubes.

- HUNTSMAN (Bristol) Heavy sprays of three inch double flowers of glowing orange scarlet overcast walnut bronze. Early Oct. 60¢ each

THREE BONUS COLLECTIONS -- COURTESY OF MOTHER NATURE

This winter thus far has been a very favorable one for the propagation of mums because of the unusual amount of sunshine. Because of this cooperation from Mother Nature we have been able to grow many more of the newest varieties than we had originally hoped for. These collections are our means of passing on nature's bounty to you.

White Cloud Collection - One each of the following newcomers will be sent postpaid for \$3.00. Bought separately their value would total \$3.65. White Cloud (Nebr. Uni. 1951), E.H. Hoppert (Nebr. Uni.), Governor Duff (Conard-Pyle 1949), Huntsman (Bristol), Santee (Nebr. Uni. 1950), Sincerity (Bristol 1950).

The Sister Collection - One each of the following \$3.25 ppd (\$4.00 value). Kathleen Lehman (Kraus 1950), Patricia Lehman (Kraus 1950), Ruthann Lehman (Kraus 1950), Carnival, Ermine, Golden Carpet and Ponca (Nebr. Uni. 1950).

The Golden Gopher Collection - One each of the following seven sorts for \$3.25 (\$3.90) value. Golden Gopher (Kraus 1951), Pearl Parkinson (Nebr. Uni. 1950), Gladness (Kraus 1950), Paper White (Lehman 1950), Dawnrose (Kraus) and Lavender Princess (Hurley).

CHRYSANTHEMUMS AS GIFTS

Flowers and flowering plants have long been widely used as gifts for special occasions such as Birthdays, Anniversaries, Valentine Day and Mother's Day. We would like to suggest a gift of our "Modern Mums" would make a very practical gift for that gardening relative or friend. The gift order blank on reverse side is provided for your convenience should you desire to make use of this plan. An appropriate card will be sent to the recipient of the gift together with announcement of gift. Plants will be shipped at the proper planting time.
